Sushi Terminology

Sashimi

Thinly sliced raw fish (no rice)

Nigiri

Sushi rice topped with fish or seafood

Sushi Roll

A cylindrical piece, wrapped in seaweed and sushi rice with some ingredients inside then cut into pieces.

Nori

Sushi seaweed

Wasabi

Japanese horseradish

Shoyu

Soy sauce

Gari

Pickled ginger

Sushi and Raw Seafood

Some varieties of our products contain raw seafood. Consuming raw or undercooked seafood or shellfish may increase your risk of foodborne illness, especially for the elderly, young children under age four, pregnant women, and other individuals with compromised immune systems.

Welcome to CornerStone!

CornerStone offers a wide variety of high quality sushi and ready to eat cuisine, which are prepared fresh daily. Our core values is to provide a diverse selection of unique meal solutions to sustain healthy lifestyle. We are committed to the strictest food safety programs to ensure customer confidence and health.

Sushi is only as healthy and delicious as its ingredients. In the quest to provide the healthiest, most delicious sushi around, we carefully choose our fish and other product. We select only the freshest.

Sushi is good for you. It is healthy and nutritious. Sushi seaweed is rich with essential vitamins and minerals. Fish, which is the essential ingredients, is a valuable source of lean protein and omega-3 fatty acids that help prevent heart disease. Both wasabi and vinegar contain antiseptic qualities that stave off bacteria. Ginger promotes digestion and improves circulation. Clean your palate between bites of sushi by eating thin slices of pickled ginger root.

Packed with many nutritious ingredients, and low in fat and calories, sushi is a well-balanced food.

Contact us for your comments and suggestions! We value your feedback. We will send you a special offers as a thank you from Cornerstone.
